

Group Financial Controller

Salary – Market Rates subject to Experience

Full Time (35 hrs per week), Permanent

Location - Newark, NG24 1BS (with some remote/hybrid working)

- Have you proven experience as a Group Financial Controller, within the financial services/professional services sector?
- Can you demonstrate experience in producing financial documents and support a growing business by supporting managers and people in a professional services environment?

If this is you, then we have an exciting opportunity to join an established, respected, and growing company, Fiducia Commercial Network (which is a trading style of The Fiducia Network Ltd).

Fiducia Commercial Network is part of the Fiducia Group which is established in financial services with over 20 years' experience, and we're looking for a Group Financial Controller to join our team within an ever-growing industry.

What will you be doing?

As a Group Financial Controller, you'll be responsible for:

- Preparation of individual entities monthly management accounts in accordance with deadlines
- Processing of monthly journals for all entities.
- Collation of accounting information into daily/weekly/monthly group reporting packs
- Working with the management team and finance team
- Reconciliation of balance sheet accounts and profit loss.
- Manage payroll function for all entities
- VAT compliance for all entities
- Year-end audit and full back up reconciling schedules
- Management and review of overhead expenses
- Automation of manual processes where possible
- Ad hoc projects as required

You'll use your fantastic verbal and written communication skills to build rapport using your exceptional attention to detail, you also need to be able to see a job through to completion whilst juggling a varied workload.

You'll work within a team environment and take responsibility for achieving company goals in your role.

Other qualities we're looking for:

- Qualified to ACCA, CIMA, ICAEW or equivalent.
- At least 2 years qualified experience working at Group Financial Controller level.
- Proven experience as a Group Financial Controller or similar role, preferably within the financial or professional services industry.
- Strong knowledge of financial reporting methodologies.
- Demonstrated experience working as a Group financial controller, specifically tailored to supporting a growing business, and working across a multi entity group.
